

## CONTENTS

|   |   |   |     |     |
|---|---|---|-----|-----|
| M. Sudhakar Reddy,<br>S. Ramakrishana and<br>M. V. Subba Reddy  | ① | Peristaltic Motion of a Newtonian Fluid with Variable Viscosity Through a Porous Medium in a Channel  | ... | 1   |
| B. Surender Reddy   | ② | Multiparameter Spectral Theory for Weakly Coupled Operator System with Unbounded Operators by Using Left Definite Condition on a Hilbert Tensor Product Space | ... | 15  |
| N. Vasumathi and<br>S. Vangipuram                               | ③ | Existence of Graphs with a Given Domination Parameter   | ... | 33  |
| K. Ramasamy,<br>A. Viswanathan and<br>R. Sudha                  | ④ | On $g^*\alpha$ -Continuous Functions in Topological Spaces  | ... | 45  |
| Duśmanta Kumar Sut,<br>G.C. Hazarika, and<br>Udipta Kumar Borah | ⑤ | Casson Fluid Model for Pulsatile Flow of Blood Under Velocity Slip Condition in Presence of Magnetic Effect   | ... | 59  |
| I. Tomba and O. Geeta   | ⑥ | Leakage Inventory Models Without Shortages  | ... | 69  |
| P. Valsamy and<br>Nirmala P. Ratchagar                          | ⑦ | Transport of Pollutants Through Porous Media  | ... | 83  |
| A. K. Goyal   | ⑧ | Relative Asymptotic Regularity and Common Fixed Points  | ... | 89  |
| B. Krishna Gandhi and<br>G. Upender Reddy                       | ⑨ | On Square Numbers in the Generalized Lucas Sequence and Generalized Associated Lucas Sequence   | ... | 97  |
| V. R. Tekade  | ⑩ | A Note on Quasi-Static Thermal Stresses in a Thin Annular Disc Due to Ramp-Type Heating   | ... | 107 |
| J. Sheiba Grace and<br>P. Thangavelu                            | ⑪ | E-Convex Functions  | ... | 115 |
| Kantesh Gupta and<br>Vandana Agrawal                            | ⑫ | Applications of Unified Integral Formulae Involving The Product of I-Function and General Polynomials   | ... | 121 |
| K. Elangovan and<br>Nirmala P. Ratchagar                        | ⑬ | Mhd Steady Flow Through Porous Medium   | ... | 131 |
| Vijay Mehta and<br>Karan Singh Gehlot                           | ⑭ | Instability in Dusty Plasma and Effect of Charge Fluctuation  | ... | 139 |
| M. S. Borkar and<br>S. S. Charjan                               | ⑮ | The Charged Perfect Fluid Distribution in Bimetric Theory of Relativity   | ... | 147 |
| R. K. Saxena, J. Ram and<br>Meenakshi Vishnoi                   | ⑯ | Fractional Integration and Fractional Differentiation of Generalized Mittag-Leffler Functions   | ... | 153 |
| U. D. Tapi and<br>R. Navalakhe                                  | ⑰ | On Fuzzy Closure Space  | ... | 163 |
| Madhu Tiwari,<br>Jitendra Binwal and<br>C. L. Parihar           | ⑱ | Graph Isomorphism Problem in Terms of Probability Propagation Matrix Invariance Criterion by Using ITCPP  | ... | 169 |
| T. Arun Kumar,<br>L. Anand Babu and<br>B. Shivani               | ⑲ | Heat and Mass Transfer Effect on Free Convective MHD Flow Past an Infinite Vertical Plate Using Finite Element Method   | ... | 181 |
