

CONTENTS

VOL. 7 NUMBER-1

| | | |
|--------------------------------------|--|----|
| BHAGAT SINGH | : Nonoscillation in homogeneous sublinear ordinary differential equations and its impact on retarded sublinear equations. | 1 |
| D. K. WAGH | : Effect on initial stress on the distribution of pressure producing a crack of prescribed shape. | 12 |
| SNIGDHA BANERJEE | : Forced torsional vibration of a finite cylindrical shell of non-homogeneous orthotropic material by the application of a periodic Shearing force at one end. | 19 |
| S. N. JHA AND R. SHUKLA | : Axioms of completeness and induction to the nonstandard models of analysis and arithmetic. | 23 |
| A. K. SEN | : A note on stability analysis on magneto-visco-elastic buckling of thin plate. | 30 |
| B. K. TEKALB AND M. S. CHOUDHARY | : Some substitution theorems for distributional Stieltjes transformation. | 34 |
| B. L. JADIA AND R. D. SHIRWAIYA | : On Cesaro summability of Laguerre series. | 41 |
| S. N. MAHESHWARI AND S. S. THAKUR | : On α -continuous mappings. | 46 |
| SNEHAL DANGE AND R. K. SAXENA | : On a generalized Stieltjes transform and some of its properties. | 51 |
| S. S. THAKUR AND P. PAIK | : Almost irresolute functions. | 63 |
| B. C. DHAGE | : (corriyendum) On certain maps with nonunique fixed point. | 67 |

VOL. 7, NUMBER-2

| | | |
|--|--|-----|
| SAMARESH MUKHERJEE | : A note on dissipative effects on vibrations of one dimensional composite piezo electric and elastic structures | 69 |
| VLADIMIR BESEDA | : On scalar and vector expansions of a function | 75 |
| S. S. THAKUR AND P. PAIK | : Quasi α -sets | 91 |
| V. L. DESHPANDE | : An identity and its inverse for Kampe de Fariet function on two variables | 96 |
| R. K. SAXENA, V. D. KORANNE AND S. P. MALGONDE | : On a distributional generalized Stieltjes transformation | 105 |
| S. N. MURTHY | : Propagation of magneto-elastic waves in a cubic ferromagnetic medium | 111 |
| S. C. BHATNAGAR | : On the absolute convergence of orthogonal series | 119 |
| S. N. MAHESHWARI AND R. K. TIWARI | : On weak pairwise continuity | 122 |
